

## Côtes du Rhône Villages

2014

"Rich red robe with violet hints. Nose of blackcurrant and tobacco. The palate is dense and structured with white pepper, blackcurrant and a touch of dark chocolate. (Tasted May 2016)"

### Vintage

After a somewhat damp and wet winter, Spring was particularly dry and warm. The vegetative cycle took a leap forward, hinting at a potentially early harvest. Then Summer arrived with quite a lot of rain and cool temperatures, slowing down the ripening process. Finally, an Indian Summer set in around the end of August/beginning of September, allowing the maturities to progress while maintaining very good acidity.

Harvest took place between the 12<sup>th</sup> September and 5<sup>th</sup> October.
