

## Pays d'Oc Grenache

2022

"Intense pink with purple-blue hues. Complex and expressive with intense raspberry and strawberry notes. Round and full on the palate with ripe red fruits and a long, fresh finish."

### Grape varieties

Grenache noir, Syrah

### Terroir

Since the creation, in 1998, our varietal wines are mainly sourced from vineyards throughout the Languedoc region of Southern France: from the banks of the Rhône river in the East, to the city of Carcassonne in the West; from the foothills of the Massif Central mountains in the North to the Mediterranean coast in the South. "le Fat bastard" is crafted from low-yielding hillside vineyards with clay and limestone soil. This beneficial location gives our wines their very ripe fruit character, complex aromas and a velvety texture on the palate.

### Agreements & Services

Delicious on its own ! Perfect for BBQ with fresh summer salads, spicy and fried food, or simply pair with soft cheeses.
